

ALABAMA CAMPAIGN

FOR ADOLESCENT SEXUAL HEALTH

Community Benefit Report

FY 2018-2019

New vision and mission

We envision healthy people and communities throughout Alabama and advance our mission to champion healthy adolescent development through evidence-informed sexual health education and services.

Training

We held 13 professional development workshops and curricula trainings across Alabama, training 200+ people, which resulted in reaching approx. 60,000 youth and families.

Resources

We provided resources to 3,000 people through our trainings, workshops, advocacy and outreach events, and supporter communication.

Advocacy

We met with legislators at the Alabama State House during the legislative session to emphasize the importance of medically accurate and inclusive sex education for all Alabama students.

Partnerships

We started the Alabama Sexual Health Coalition (ASHC) this year. The Coalition is committed to sexual health rights for all people, and has grown to nearly 20 organizations and individuals.

From the Executive Director

The Alabama Campaign is celebrating its 20th year in 2019. We started as a group of concerned community members focused on reducing the rate of teen pregnancy in Alabama. Over the years the teen pregnancy rate has declined, but young people still need access to sexual health education and services so they can make informed decisions about their bodies and their relationships. Thanks for supporting us over the years - we are excited to move boldly toward growing Alabama's youth into healthy adults.

A Fond Farewell

This year our Executive Director of 13 years, Jamie L. Keith, retired. We are grateful for the legacy she leaves behind at the Alabama Campaign. We also said goodbye to three long-time Board members - Nic Carlisle, who served for 7 years; Margaret Bonham, who served for 11 years; and Melody Jones, who served for 8 years. Their leadership brought us to where we are today, and we are grateful for their service.
